

**NATURAL RESOURCES CONSERVATION SERVICE
SPECIFICATION GUIDE SHEET**

IRRIGATION STORAGE RESERVOIR

CODE 436

SCOPE

Irrigation storage reservoirs within the scope of conservation practice standard for Ponds (378) shall be constructed according to the construction and materials specifications for ponds (378). Those within the scope of the criteria in National Engineering Handbook (NEH), Part 628, Dams, Technical Release 60, Earth Dams & Reservoirs shall be constructed according to guide specifications in the NEH Part 642, Specifications for Construction Contracts.

GENERAL

Installation shall be in accordance with an approved design and plan. Details of construction shown on the drawings but not included herein are considered as a part of this specification. Construction activities shall be in accordance with applicable OSHA regulations.

CONSTRUCTION OPERATIONS

Construction Operations shall be done in such a manner that erosion and air and water pollution are minimized and held within legal limits.

The owner, operator, Contractor or other persons will conduct all work and operations in accordance with proper safety codes for the type of construction being performed with due regards to the safety of all persons and property.

The completed job shall be workmanlike and present a good appearance.
